- Any inactive life member wishing to be placed on the active list must show proof of current B.S. A. registration, and the lifetime membership status must be verified.

## Chief's Bonnet Toby McCabe

*Have you ever been able to take the time, sit back, and just think about how things are going? Think of all the possibilities, all the different solutions that there are. Hunter S. Thompson wrote in response to the statement, "You think too much." He said, "Got to think all the time, that's the trouble - I take vacations from thinking. It works out the same way as all the other vacations - you relax for two weeks then spend fifty weeks making up for it." I believe Thompson is trying to say that you constantly have to be thinking in order to understand what's going on around you. Think about all the things you've done, think of all the things you want to do. Take a different perspective on everything around you. Look at life through the eyes of others; think about how you would feel in a situation like theirs. Learn skills from classes and courses about leadership. I along with nine other brothers recently returned from the National Leadership Seminar. We learned skills from compromising and talking with adults, and learned the secret of man. Compromising is a very good skill to know. It allows for win-win situations to occur. Knowing that you can't please everyone, you should at least please everyone as much as you can. So start thinking, do you want to go to the next NLS and learn leadership skills, while having a really good time? Just think about where you are now, and where you want to be in the future, and you'll get there eventually.*

*Yours in brotherhood,*

## OA Brothers Rise to the Call of

During the April OA executive meeting, the Horseshoe Camp Staff approached the lodge with a request to help solve a pressing problem. During the winter the roof of the dining hall leaked, destroying the public address sound system in the dining hall. The Camp staff asked for funding to help replace the system prior to the June Conclave summer camp. After much discussion on how to pay for the new system, two brothers laid down a challenge to everyone attending the meeting by pledging \$50 each towards the cost of the new system. In the true spirit of Scouting, and the Cheerfulness of Service that is the OA, 24 brothers pledged enough funds to cover not only the cost of the new public address sound system, but also build a water proof cabinet to store the system. We are proud to say the system was installed and is functioning at this time. Honk and great thanks to the following Brothers for their assistance with this weighty responsibility:

Brother Kerry	Brother Bill	Brother Tom
Brother Jim	Brother John	Brother Scott
Brother Ed	Brother Jeff	Brother Tom
Brother Gerry	Brother Paul	Brother Paul
Brother Bob	Brother Tom	Brother Keith
Brother Josh	Brother Jackie	Brother Brian
Brother Jim	Brother Richard	Brother Carl
Brother Ed	Brother Betty	Brother Tim

## Attention: Scoutmasters

*Attention Scoutmasters. If a scout is elected into the Order of the Arrow from your troop, please do not give him out dated forms. These forms do not contain all the necessary information about his ordeal weekend.*
